

ERASERHEADS

Tour In Cebu

THE OVERDRIVE TOUR

IT was 8:00 in the evening when the staff of PROJam arrived yet the concert hasn't started. It was suppose to start at 7:00. This is not surprising occurrence though. It happens all the time. The frontact of ERASERHEADS, the SILENT PUBLICITY, a local band, climbed the stage at around quarter to nine. I wasn't able to witness their act with my eyes because we were down at the parking lot waiting for the star of the show to arrive so we could take a picture of the guys. Anyway, their music was loud and clear to where I was situated. They did a great effort in keeping the crowd still despite the crowd getting wild and unruly. The band comprises FROILAN MARTINEZ on vo-

decided to go upstairs to watch their act. I really salute the guys. The crowd was very tamed. ERASERHEADS received a lot of applauses and appraisals, too. The guys sang songs not only from their latest album, CUTTERPILLOW, but also did some old familiar tracks like KALAYAAN, WITH A SMILE, MAGASIN, etc. When I heard those songs, I was pleased to hear them once again. (They actually sound boring over the radio already.) I guess the crowd would agree with me as they just jammed to each and every song the ERASERHEADS sang. But I noticed that the crowd wanted the guys to sing their latest hit track ANG HULING EL BIMBO (presently a chartbuster here in Cebu City) which the guys performed last. The guys

also performed the intro of COOL KA LANG which I thought the guys would actually sing. (Hanggang intro lang pala...). After the concert, PJ was able to get hold of the guys. They found the concert great and the crowd much better than the crowd of their past concerts.

As for their next stop regarding their tour, they'll be invading Pangasinan.

tum that PJ wasn't able to take their picture as was our intentions why we waited for them. Since the guys

promised they'll allow us to take their picture plus an exclusive interview after the concert, the staff of P.J
